The Modern Record Player, a first-of-its-kind audiophile quality record player with upgradable wireless capability. The Modern Record Player is the perfect setup for current music collections combining a traditional record player with the latest streaming technology in a single package. Designed and constructed with the same impeccable attention to quality craftsmanship that is the hallmark of the Symbol brand, the Modern Record Player redefines high-fidelity vinyl playback on a tabletop scale. When paired with the custom designed stand the Modern Record Player adds a sculptural element to any room.
